Legal & General

Forward-looking statements

This presentation and any related conference call or webcast (including any related Q&A session) may contain certain forward-looking statements relating to Legal & General, its plans and its current goals and expectations relating to future financial condition, performance and results. Statements herein, other than statements of historical fact, regarding Legal & General's future results of operations, financial condition, cash flows, business strategy, plans and future objectives are forwardlooking statements. Words such as "targets", "believe", "expect", "aim", "intend", "plan", "seek", "will", "may", "should", "anticipate", "continue", "predict" or variations of these words, as well as other statements regarding matters that are not historical facts or regarding future events or prospects, constitute forward-looking statements. Please read more about the risks facing Legal & General in the section entitled 'Principal risks and uncertainties' on pages 56 to 59, as well as and in notes 7 and 15-17, of the 2023 annual report and accounts available at https://group.legalandgeneral.com/. These forward-looking statements are based on current views with respect to future events and financial performance. By their nature, forward-looking statements involve uncertainty because they relate to future events and circumstances which are beyond Legal & General's control, including, among others, UK domestic and global economic and business conditions, market related risks such as fluctuations in interest rates and exchange rates, the policies and actions of regulatory and Governmental authorities, the impact of competition, the timing impact of these events and other uncertainties of future acquisitions or combinations within relevant industries. As a result, Legal & General's actual future condition, performance and results may differ materially from the plans, goals and expectations set out in these forward-looking statements and persons reading this presentation or participating in any related conference call or webcast (including any related Q&A session) should not place reliance on forward-looking statements. Nothing in this presentation or in any related conference call or webcast (including any related Q&A session) should be construed as a profit forecast or to imply that the earnings of Legal & General for the current year or future years will necessarily match or exceed its historical or published earnings. These forward-looking statements are made only as at the date on which such statements are made and Legal & General Group Plc does not undertake to update forward-looking statements contained in this presentation or in any related conference call or webcast (including any related Q&A session) or any other forward-looking statement it may make.

Group strategy

António Simões | Group CEO

A compelling vision for growth and shareholder value

Sustainable growth, sharper focus, enhanced returns

Sustainable Growth	 Seizing the Institutional Retirement opportunity: £50-65bn of UK PRT (2024-28)¹ Improving Asset Management profitability and investing to grow: cumulative ANNR² of £100-150m (2025-2028) and private markets AUM of £85bn by 2028 Growing our Retail proposition leveraging our workplace DC strength and engaging more customers³ through their lifetime: £40-50bn net flows in Workplace DC (2024-2028)
Sharper Focus	 Establishing a single global public and private asset manager (combining LGIM and LGC) Deploying a new internal capital allocation framework Managing non-strategic assets for value in a Corporate Investments Unit
Enhanced Returns	 6-9% core operating EPS CAGR (2024-27) at 20%+ operating Return on Equity⁴ £5-6bn cumulative Solvency II capital generation over three years (2025, 2026, 2027) Returning more to shareholders through a combination of dividends (5% DPS growth to FY24, 2% DPS growth p.a. 2025-27) and buybacks (with a first buyback of £200m in 2024)

- 1. PRT volumes are indicative. We will continue to prioritise pricing discipline over volume
- 2. Annualised Net New Revenue

6 L&G Capital Markets Event 2024

- 3. Customers refers to all people (i.e. policyholders, scheme members and annuitants) served by our Retail business
- 4. See Appendix on p63 for definitions of new targets

Legal & General's strengths are clear

Purpose

Proud heritage and trusted brand over 188 years

Deep relationships with partners and 14m customers¹ and members

Authentic and compelling purpose

People

Passionate and talented

Strong leadership and culture

Straightforward, purposeful, collaborative

Performance

Market-leading, highly-synergistic businesses

Strong balance sheet and capital generation track record

Well-positioned to capitalise on long-term trends

We are in prime position to capitalise on structural shifts

Major structural shifts	L&G positioning against trends
Shifts in retirement responsibility to insurers and individuals	Established, at-scale businesses in Institutional Retirement, Asset Management and Retail
Climate transition and demand for productive finance	Proven asset origination capability and established strengths in sustainable investing
Rapid advances in technology and generative Al	Opportunity to build closer connections with our customers using technology
 Increased economic and geopolitical volatility	Demonstrable through-cycle resilience and strong track record of risk management

What has been holding us back from achieving our full potential?

Lack of clarity on future growth

Uncertainty about growth beyond Institutional Retirement

• Need for a simpler investor case with more transparency

Portfolio complexity and areas of underperformance

- Strategic ambiguity with some non-strategic assets
- Challenged profitability in Asset Management

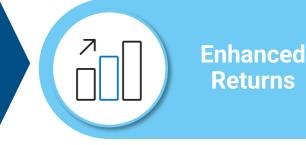

(+) Sharper Focus

Sustainable

Growth

Not fully maximising synergy potential

- Strong links between businesses not fully exploited
- Siloed operating structure creating inefficiencies

Part 1: Sustainable growth

		 Seizing the Institutional Retirement opportunity: £50-65bn of UK PRT (2024-28)¹
Sustainable Growth		 Improving Asset Management profitability and investing to grow: cumulative ANNR² (£100-150m (2025-2028) and private markets AUM of £85bn by 2028 Growing our Retail proposition leveraging our workplace DC strength and engaging m customers³ through their lifetime: £40-50bn net flows in Workplace DC (2024-2028)

cumulative ANNR² of

ngth and engaging more

- Deploying a new internal capital allocation framework
- Managing non-strategic assets for value in a Corporate Investments Unit

- 6-9% core operating EPS CAGR (2024-27) at 20%+ operating Return on Equity
- £5-6bn cumulative Solvency II capital generation over three years (2025, 2026, 2027)
- Returning more to shareholders through a combination of dividends (5% DPS growth to

1. PRT volumes are indicative. We will continue to prioritise pricing discipline over volume

2. Annualised Net New Revenue

3. Customers refers to all people (i.e. policyholders, scheme members and annuitants) served by our Retail business

Seizing the Institutional Retirement opportunity

#1 UK PRT insurer over last 10 years

- Ability to transact across full range of UK deal sizes
- Longstanding relationships with DB schemes
- Strong asset origination capabilities driving higher margins
- High quality spread earnings and reliable store of future profits

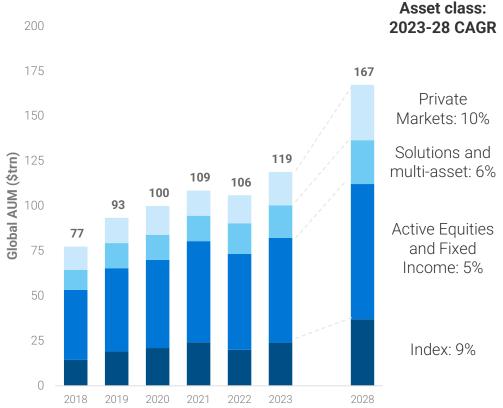

€1.5trn

Asset Management as the driver of our future vision

Global Asset Management AUM

ss: AGR

UK Asset Manager by AUM; #11 globally

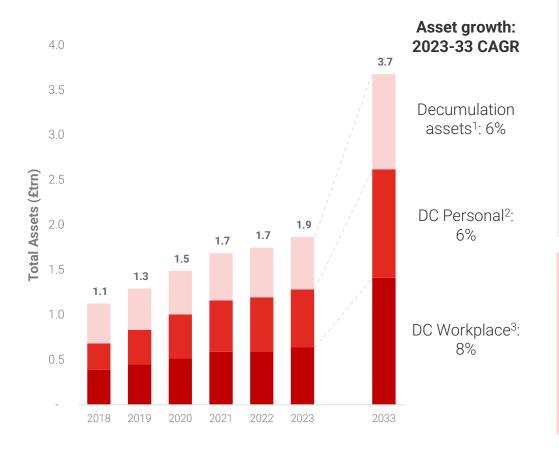

- + Global scale and distribution network
- Attractive investment and asset origination capability, and catalytic power of our balance sheet
- Creating differentiated assets, tailored to client needs, underpinned by responsible investing
- Long-term shift in Group earnings mix to fee income

Combining LGIM and LGC will deliver our long-term vision by bringing together the best of public and private markets origination, manufacturing and distribution

Supporting customers through savings and retirement

Increasing UK personal wealth in Defined Contribution

#1 UK DC provider by AUM (26% market share)

- + Compelling lifetime solutions in accumulation and decumulation
- + Strong Group-wide relationships with pension schemes
- Capital-light earnings growth in Retail and Asset Management

Improved at-retirement proposition across annuities, drawdown and lifetime mortgages to meet increasingly complex customer needs

Enhanced engagement for our c.14m customers and members⁴

 – e.g. via hybrid help and advice to support pension consolidations, contributions and member retention

Source: Broadridge, MoretoSIPPs, L&G analysis

1. Decumulation assets comprise retail annuities and drawdown assets

13 L&G Capital Markets Event 2024

- Assets in DC private pensions
 Assets in Workplace schemes
- 4. Customers refers to all people (i.e. policyholders, scheme members and annuitants) served by our Retail business

Delivering reliable long-term growth

		Reliable stock of in-force earnings		Earnings shifting to capital-light businesses over the next decade		
\bigcirc	Institutional Retirement	Steady and reliable store of future profits	+	Significant new business opportunity Attractive patient capital for asset origination		
	Asset Management	£1.2trn AUM with c.£100bn internal permanent capital	+	Expansion of Private Markets platform Shift to higher margin fees in Public markets		
	Retail	Protection and Annuities as valuable store of future profits	+	Growth in DC pensions Improved engagement over customer lifetimes		

Part 2: Sharper Focus

Sustainable Growth	
Sharper Focus	 Establishing a single global public and private asset manager (combining LGIM and LGC) Deploying a new internal capital allocation framework Managing non-strategic assets for value in a Corporate Investments Unit
Enhanced Returns	

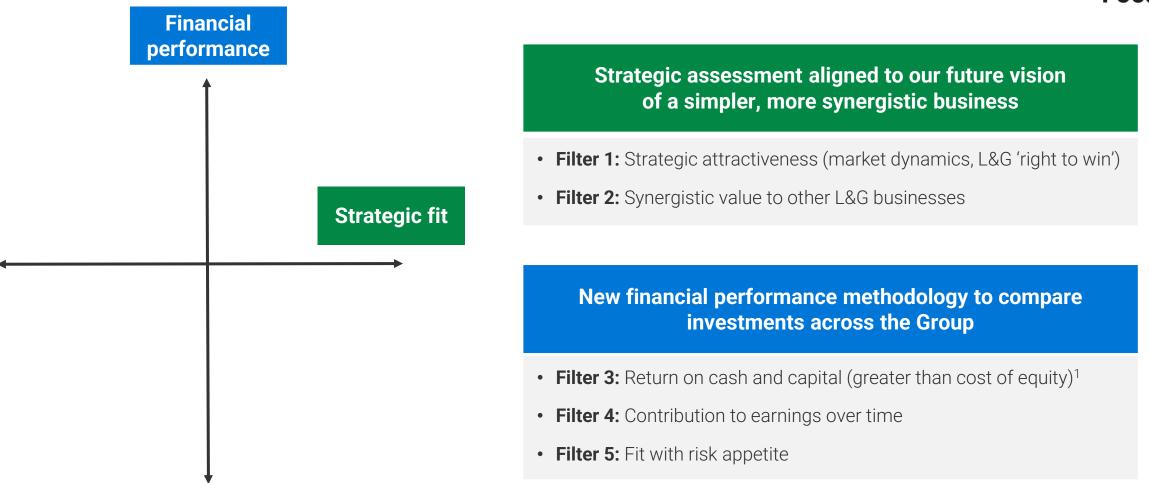

A compelling vision for growth and shareholder value

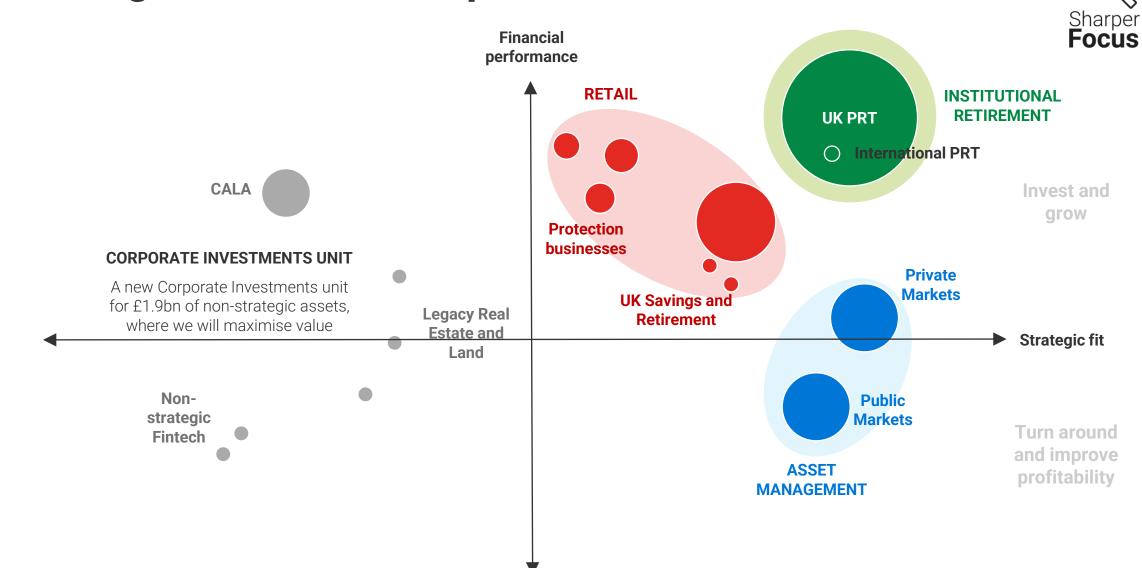

A new framework for capital investment decisions ...

1. Return on cash / capital are universal metrics to ensure comparability across divisions for new investments. Divisions continue to adopt their own measures of financial performance to assess and manage new and existing business

... resulting in a clear set of priorities

CALA is a high-performing business

Strong financial performance under L&G leadership

CALA's revenues and profits have grown by 5x and 10x respectively since 2013

Operational scale

CALA has grown from a medium-sized housebuilder to the 10th largest in the UK

Historic record of value creation

We are committed to maximising value creation further and will continue to assess whether value is best optimised by sale or retention

Part 3: Enhanced Returns

Sustainable Growth	
	 Establishing a single global public and private asset manager (combining LGIM and LGC) Deploying a new internal capital allocation framework Managing non-strategic assets for value in a Corporate Investments Unit
Enhanced Returns	 6-9% core operating EPS CAGR (2024-27) at 20%+ operating Return on Equity £5-6bn cumulative Solvency II capital generation over three years (2025, 2026, 2027) Returning more to shareholders through a combination of dividends (5% DPS growth to FY24, 2% DPS growth p.a. 2025-27) and buybacks (with a first buyback of £200m in 2024)

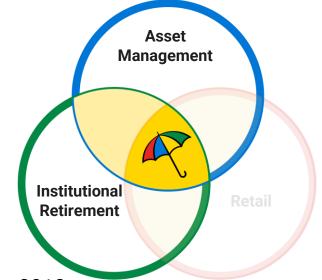

Our synergistic model as a competitive advantage (1 of 4)

Asset Management and Institutional Retirement

Conversion of longstanding client relationships

c.23 year DB scheme relationship and ongoing DC scheme mandate Converted into a £4.8bn PRT deal, completed in 2023

Permanent capital seeding new strategies

Initial L&G balance sheet investment into UK life sciences with Bruntwood in 2018 £500m co-investment with Greater Manchester Pension Fund (GMPF) in 2023

Our synergistic model as a competitive advantage (2 of 4)

Asset Management and Retail

Broader range of at-retirement solutions

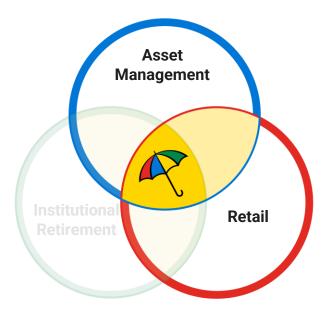

DC pensions

ISAs, SIPPs etc

Drawdown

Improved proposition from bundled administration and asset management

L&G Mastertrust

Largest UK commercial Mastertrust (£27bn AUM) Voted Best Mastertrust in 2023 for third year in a row.¹

L&G Private Markets Access Fund

Scheduled July fund launch of a private markets multi-asset strategy for DC members (following recent FCA approval of LTAF)²

Our synergistic model as a competitive advantage (3 of 4)

Institutional Retirement and Retail

Home Finance as an asset origination channel

Long-term financing of UK housing well-matched to long-dated annuity liabilities

£5.3bn UK lifetime mortgage loans as at FY23

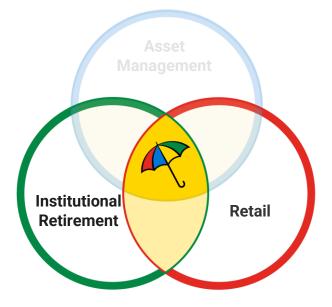

£2.6trn Over 65s UK net housing wealth¹

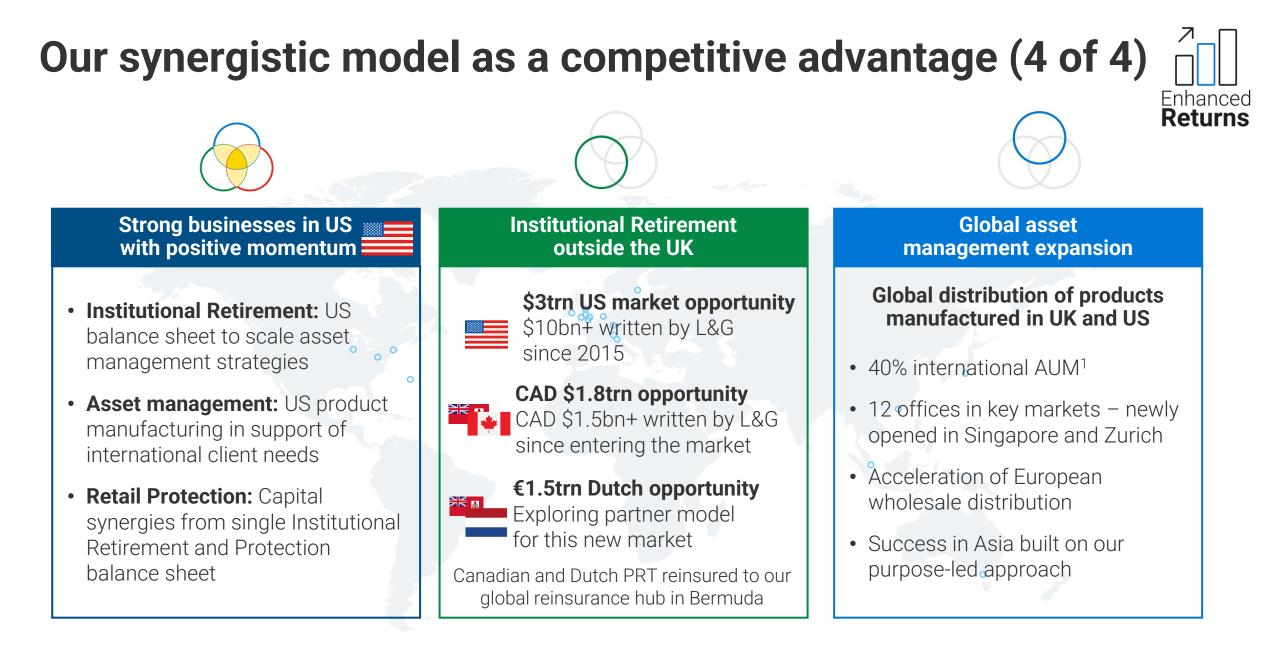

Synergy benefits from managing businesses together

Capital synergies and risk diversification from complementary mortality and longevity exposure in our Protection and Annuity businesses

Efficiencies from shared management of Retail and Institutional annuities (e.g. asset liability management, investments, payments, etc.)

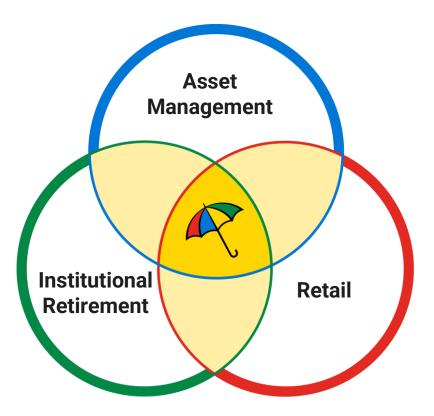

Our shared sense of purpose further compounds value

Authentic **purpose** underpinning our admired, trusted brand

Fostering long-term customer, client and partner **relationships**

Enabling **access** to profitable asset origination

Giving credibility to engage in **active ownership**

Helping to attract, retain and motivate our **people**

Delivering shareholder value and wider benefits for society

Sustainable growth, sharper focus, enhanced returns

Financial metrics and reporting Jeff Davies | Group CFO

Aligning the financials to our strategy

Sustainable Growth

- e Group financial targets FY24-27
- Growing the store of future profit

Sharper Focus

- Financial reporting implications of creating:
 - A single Asset Management division
 - A Corporate Investments unit

- Balance sheet strength
- Capital allocation policy
- Increased returns to shareholders

Our three-year financial targets

6-9% CAGR in Core Operating EPS (FY24-FY27)

Operating Return on Equity of at least 20% (2025, 2026, 2027)

Cumulative capital generation of £5-6bn (2025, 2026, 2027)

29 | L&G Capital Markets Event 2024 Note: See appendix p63 for the definitions

Growing our store of future profit

Illustrative movement in store of future profit

from writing £10bn of UK PRT per annum 12 Institutional Retirement (£bn) 10 Store of future profit 8 6 4 2 2024 2025 2026 2027 2028

Cumulative new business store of future profit

Existing store of future profit

1. Store of Future Profit is defined as gross of tax Contractual Service Margin (CSM) and Risk Adjustment (RA). Numbers outlined are illustrative and will change due to market conditions and the level of reinsurance.

Our in-force book will continue to release into operating profit

We will continue to write profitable new business growing our store of future profit¹

Indicatively, £10bn of UK PRT generates c.£800m store of future profit

Where are LGC's assets going?

			FY23	impact	
			Operating profit (£m)	Balance sheet assets (£bn)	
Asset origination platforms and development capital		Asset Management	176	1.0	
Co-investment balance		Institutional Retirement	142	3.2	
sheet and traded assets		Retail (annuities)	40	0.9	
Non-strategic businesses			Corporate Investments of which CALA in FY23	137 112	1.7 ¹ 1.0
	-	+Treasury Assets	+15 510	+1.2 8.0	

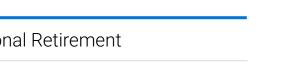

Our HY24 results will reflect our new structure

FY23 operating profit (£m)

Previous divisional structure	LGC Profit Allocation ¹		Updated divisional structure		
Legal & General Retirement Institutional (LGRI)	886	+ 142	1,028	Institutional Retirement	
Legal & General Capital (LGC)			440	Acost Managamant	
Legal & General Investment Management (LGIM)	274	+ 174	448	Asset Management	
Retail	408	+ 41	449	Retail	
Group Debt and Expenses	(411)	+ 17	(394)	Group Debt and Expenses	
			1,531	Core Operating Profit	
		+ 136	136	Corporate investments	
Operating Profit	1,667		1,667	Operating Profit	

We expect 2024 Core Operating Profit to grow by mid-single digits year on year with growth weighted more toward the second half

Target of 6-9% CAGR in Core Operating EPS (FY24-FY27)

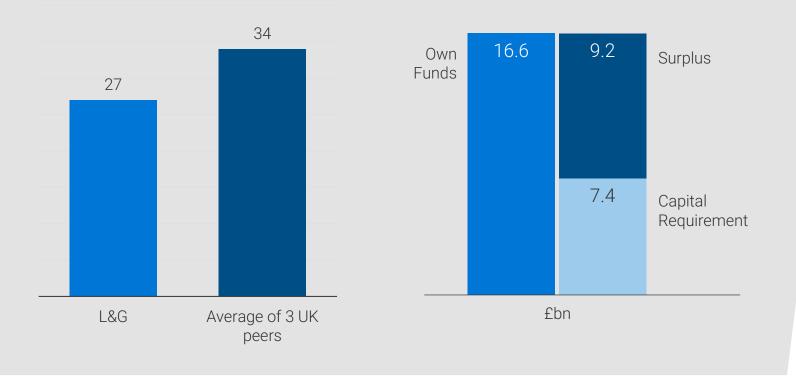

Sharpe **Focus**

The strength of our balance sheet

SII Debt Leverage (FY23 %)¹

Strength of our balance sheet provides strategic optionality to:

- Capitalise on the Institutional Retirement opportunity
- Invest in capital-light, fee-based growth
- Return capital to shareholders

Our SII coverage ratio at 7 June is estimated at 224%

SII Coverage Ratio (FY23): 224%

Returns underpinned by a high-quality portfolio

Strong portfolio and track record

99% Credit risk portfolio rated investment grade

8% Exposure to UK cyclicals

>50% International bond holdings

1,500 issuers Spread across 15 sectors and multiple geographies

Rigorous approach to managing credit risk

High quality, diversified investment grade book

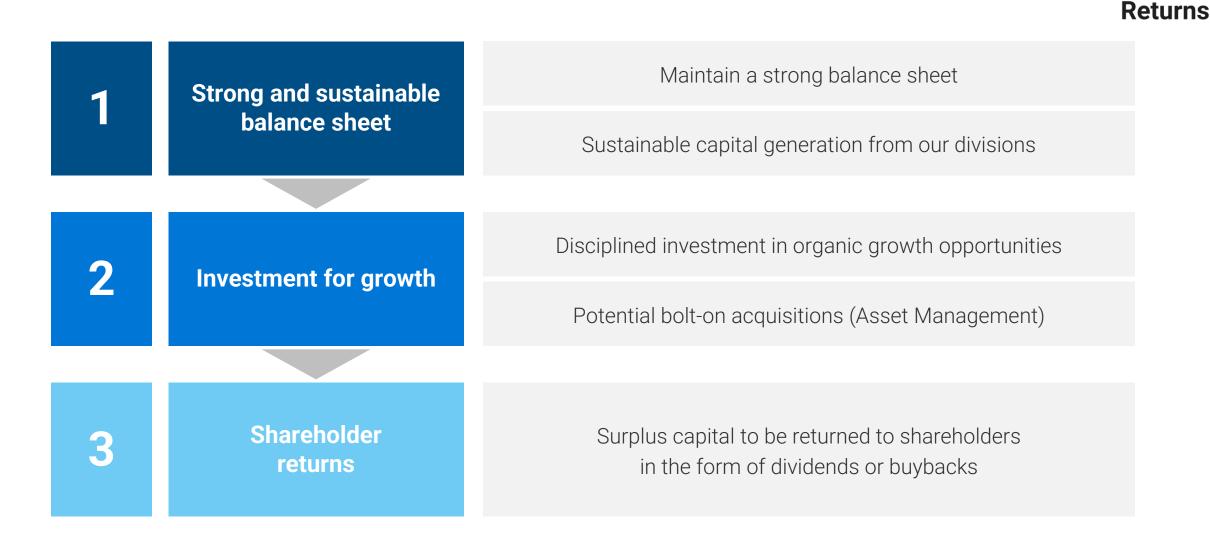

Independent Credit Ratings team assessing performance

Detailed stress testing against macro scenarios

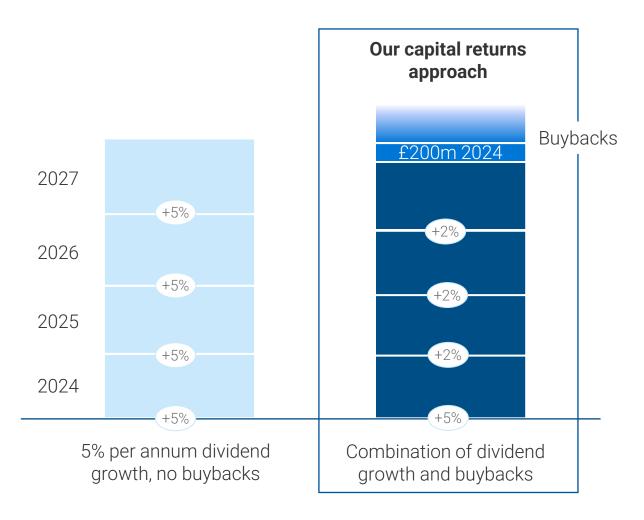

A clear capital allocation policy

Enhanced

The Board intends to return more to shareholders

2024-2027 Capital Returns (£m)

• The Board intends to return more to shareholders over 2024-2027 than the equivalent of maintaining 5% per annum growth in dividends per share (DPS)

Enhanced Returns

- This will be achieved through a combination of dividends and buybacks with:
 - 5% DPS growth to FY24 and 2% DPS growth per annum out to FY27
 - A first buyback of £200m in 2024 and further similar buybacks over the subsequent period
- All capital returns will be subject to the market environment, our views on solvency buffers, and opportunities for investment in the business, including Institutional Retirement

Executing our strategy

António Simões | Group CEO

Executing at pace and with rigour

	Transformation	 Creation of a Transformation Office to oversee Group-wide change Disciplined prioritisation of transformation activities
	Technology	 Simplifying processes, modernising systems, digitalizing solutions Embedding data insight and AI into all our work
	People and Culture	 Focus on doing things 'once and well' Breaking down divisional silos to improve collaboration and efficiency
TAX		

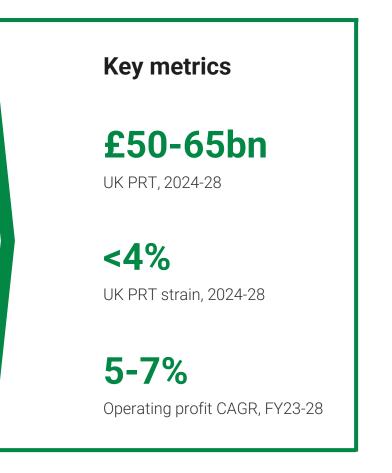

+ clear and rigorous divisional targets and implementation plans

Institutional Retirement

 \bigcirc

Key messages

- A. Well positioned to address the significant market opportunity in the UK
- B. PRT creates a store of future profit and permanent capital for our Asset Management business For every £10bn new business, we generate more than £1.5bn of capital
- **C.** Significant international growth prospects through our domestic presence in US and our global reinsurance hub

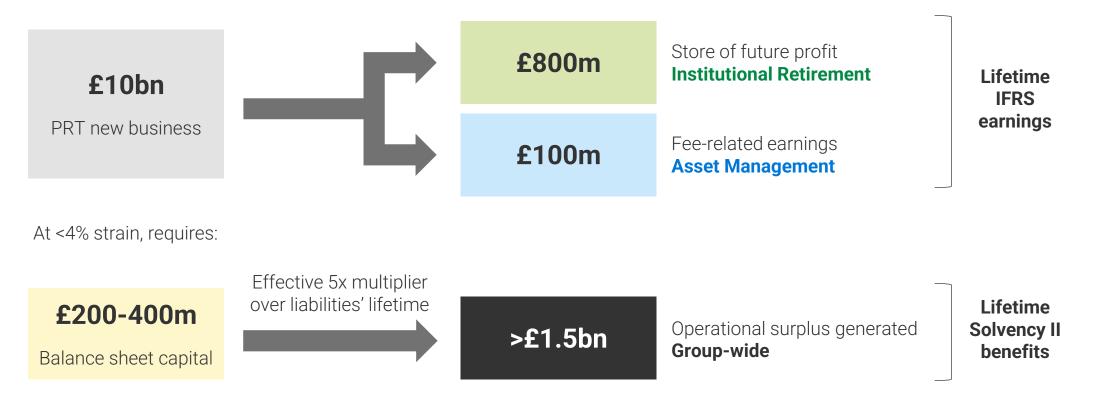

A Well-positioned for the growth opportunity

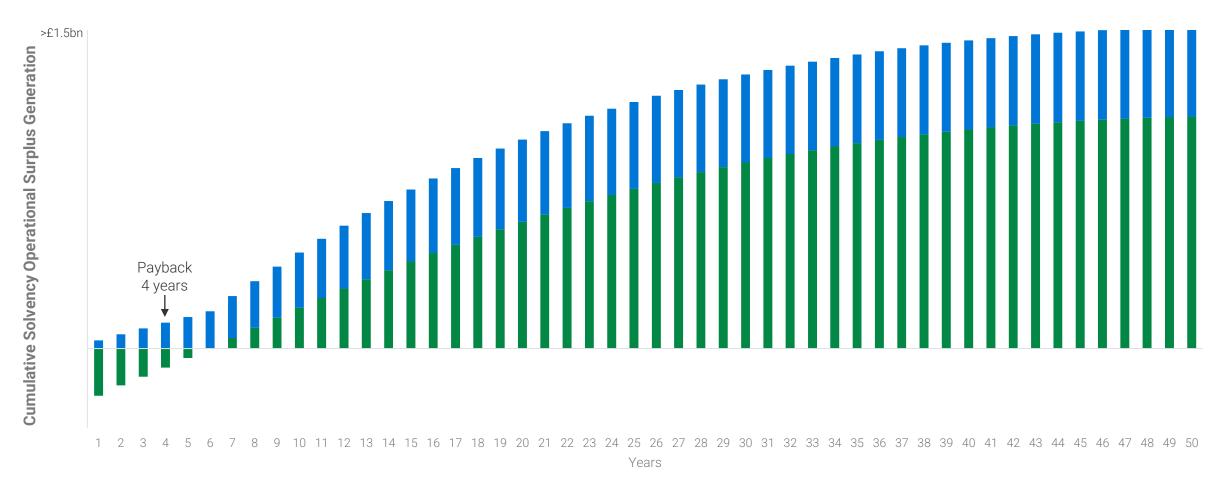

Illustrative benefits of writing £10bn of UK PRT

Institutional Retirement Asset Management

Based on indicative recent experience and market conditions. Actual outcomes will vary depending on business mix, level of reinsurance and prevailing market conditions. Asset Management includes fees for managing the assets + returns on Direct Investments. Operational surplus generation is net of tax.

C Significant international growth opportunities

	Market	FY23 DB assets (trn)		%	100 monitioning and future strategy	
	Market	Local GBP		Insured	L&G positioning and future strategy

Q&A

António Simões, Group CEO Jeff Davies, Group CFO Emma Hardaker-Jones, Chief Transformation and People Officer Bernie Hickman, CEO Retail Andrew Kail, CEO Institutional Retirement Laura Mason, CEO Private Markets Michelle Scrimgeour, CEO LGIM

Financial target definitions

Metric	Definition
Core Operating Profit	Operating profit performance of the core businesses (excluding the Corporate Investments unit) less Group debt and expenses
Core Operating EPS	Core Operating Profit, reduced by tax at the UK corporation tax rate, divided by the average number of shares over the year
Operating Return on Equity	Operating Profit, reduced by tax at the UK corporation tax rate, divided by average IFRS equity
Capital generation	Operational surplus generation (OSG), expected surplus generated from the assets and liabilities in-force at the start of the year
UK PRT volumes	Gross new business volumes
UK PRT strain	The cost of acquiring business and setting up Technical Provisions and SCR (net of any premium income), on actual new business written over the year. It is based on economic conditions at the point of sale
ANNR	The annualised revenue on new monies invested by our clients in the year, minus the annualised revenue on existing monies divested by our clients in the year, plus or minus the annualised revenue on switches between asset classes / strategies by our clients in the year
Private markets AUM	Private markets AUM encompasses assets under management in L&G's private markets strategies (principally real estate, infrastructure and private credit) and 100% of the fee-earning AUM of Pemberton
Workplace net flows	Workplace net flows includes the gross inflows of new clients and existing client contributions less gross outflows from client losses and payments to clients
